The Department of Physics and Astronomy (http://www.physast.uga.edu/) at The University of Georgia (http://www.uga.edu/) seeks to hire in two instructional positions: one Lecturer and one Assistant Professor Limited-Term. Both are full-time, non-tenure track faculty positions. The Lecturer is a long-term appointment, while the Assistant Professor Limited-Term is temporary (maximum 2-3 years).

Both hires will primarily teach in the Department’s general physics programs, and applicants must be committed to excellence in teaching at the undergraduate level. In addition, the Assistant Professor Limited-Term will be expected to pursue an active research/scholarship program with a member of the faculty.

The starting date for both positions is August 2016. A Ph.D. in Physics, Astronomy, or related field is required at the time of job offer. Candidates should submit a cover letter, a current vita, unofficial undergraduate and graduate transcripts, and a description of teaching philosophy online at

https://facultyjobs.uga.edu/

and have three letters of reference emailed to

Ms. Robin Taylor
Email: searches2015@physast.uga.edu

Evaluation of applications will begin on November 8, 2015, and will continue until the positions are filled.

Georgia is well known for its quality of life in regard to both outdoor and urban activities (www.exploregeorgia.org).

The Franklin College of Arts and Sciences, its many units, and the University of Georgia are committed to increasing the diversity of its faculty and students, and sustaining a work and learning environment that is inclusive. Women, minorities, and people with disabilities are encouraged to apply.

The University of Georgia is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, gender identity, sexual orientation, or protected veteran status.
